

CANADIAN STANDARDS ASSOCIATION IS PROUD TO RECOGNIZE THAT

## CSA Group

has declared that it followed the internationally recognized ISO 14064 series of standard for greenhouse gas inventories and reporting and has met all of the reporting requirements of the **CSA GHG CleanStart™ Registry** for reporting its steps to be recognized as

## CARBON NEUTRAL

For the 2008-2009 for the global emissions related to the following categories: natural gas consumption for space heating, electricity consumption, employee business travel in personal vehicles, employee business travel by air, fleet vehicles, and the emissions resulting from testing gases.

This certificate recognizes that the company's assertions have been third-party verified in accordance with ISO 14064-3 and that the emission offsets have been:

1. Registered on a public registry
2. Verified by a third-party, and
3. Serialized and retired (the emission reductions/removals have been taken out of circulation)
